GLADIOLI

F. M. PALMITER & SON

Hybridizers and Growers of

Gladioli, Peonies, Irises, Phlox

JANESVILLE, : WISCONSIN

List of Gladioli for 1924-1925

Two Wonderful Glads.

Pola Negri—Apricot with yellow lip. Ruffled, shading into rose and salmon on outer edges. One of the loveliest color combinations ever seen. The flowers on the spikes sometimes come irregular. It is a very heavy propagator. We especially recommend this variety, as all who have seen it have placed orders for it. 75c.

Beatriz Micheli—Peach red overlaid with fiery orange. A thin ruby stripe through lower petals surrounded with white speckles. Large flowers, with a large amount of flowers open at one time, same of very lasting quality. This variety is perfect in every detail and a masterpiece in Gladioli. \$3.00.

Our Own Introductions

We have decided to put three of our own seedlings on the market this year, as follows:

Pink Art—Rose Salmon, sprinkling of Rose Madder. Creamy yellow throat. Daintily ruffled, with beautiful waxy appearance. Four or five open at one time, and comparing it with all other varieties we have grown, find it surpasses them all in keeping qualities which make it very desirable as a florist's variety and a cut flower for the home. Price 50c. Only one to a person.

Highland—Base, cream, blushed with Mauve pink. Lemon yellow throat, lower petals striped with carmine. Strong growth with large wide open flowers. Price 50c. Only one to a person.

Henna—Base rich salmon overlaid with copper bronze. Lemon yellow throat. Crimson blotch on lower petal set on lemon yellow. Strong growth flowers slightly hooded with beautiful mauve stamens. Price \$1.00. Only one to a person.

NO ORDER ACCEPTED UNDER \$1.00.

See What \$2.00 Will Buy

We have an assortment of bulbs, made up of our 5 cent, 10 cent, 15 cent varieties and choice seedlings too near like named varieties already introduced. They are one inch down to one-half inch in size, according to variety, and if planted early and given good care should all bloom summer of 1925 and give you a wonderful lot of blossoms. We will send you prepaid 100 for \$2.00.

PHLOX

25c each; \$2.50 per doz.

Miss Lingard (*Suffruticosa*)—Pure white; the earliest of all. Blooms all summer; good for cut flowers.

Mrs. Jenkins—A very free flowering early variety of medium height producing immense panicles of pure white flowers.

Rhynstrom—Beautiful rosy-pink color not unlike that of Paul Neyron rose. A good strong grower and very free flowering.

Mrs. W. E. Freyer—A vigorous white, late.

B. Compte—(Medium). Brilliant French-purple with crimson carmine shadings.

R. P. Struthers—Bright rosy-carmine, with claret-red eye.

Coquelicot—Fine pure scarlet. (Dwarf).

Hyon—Reddish pink.

Siebold—Orange scarlet, crimson center.

Pink Beauty—(Tall). An enormous spike of beautiful pale pink flowers; very fine.

Richard Wallace—(Dwarf). White, violet-carmine center.

Champs Elysees—Fine, rich crimson.

Luster—Light pink.

TRITOMA, Everblooming Pfitzeri

One of the grandest bedding plants ever introduced. Equal to the Cannas for attractiveness. Usually bloom from July to frost, and will stand quite a hard frost and continue to bloom. Plants are perfectly hardy in open ground all winter south of Philadelphia; further north they must be protected or wintered in a cellar like the ordinary Tritoma. Just bury the roots in sand; nothing more is required. Should be planted out very early in spring, and will commence growth and bloom at once, growing larger and finer every day. It is fine for cutting and the beautiful long spikes will keep for some time in water. It always creates a sensation wherever shown. Strong plants. 50c each.

DELPHINIUM

Delphinium—There is no hardy plant that will give more pleasure than the Delphinium, and none that has a longer period of bloom. They are every shade of blue imaginable, and unless it is a plant that has been divided there will be no two exactly alike.

Fall is the best time to plant them, but they can be planted in early spring, and all will bloom the first season. Strong plants, 25c each, \$2.50 per dozen.
